Summary: Drabble about a kink the reader/female lead suddenly discovers

OPPA!

OPPA!

Namjoon reaches between the two of you and touches your clit experimentally. This takes you by shock, pleasure coursing through your entire frame. You moan out.

"namjoon- ah, do that again." You say

Namjoon is very happy with the response he is able to draw out from you. Despite your fiery personality, you become extremely quite during sex, only allowing a few moans to escape your lips.

"Whatever you want, love" namjoon says, smiling so wide that his dimples pop out. Your heart stops for a second as you take in the beautiful man on top of you.

He puts his hand on your clit once more, the time adding more pressure. Slowly he starts moving his hands, drawing tiny circles on your clit. Your body heats up even further. You did not think this was possible.

His thrusts into you, hard and deep. His hands are moving so fast they are a blur. You have never experience this much pleasure before.

" ah! Oppa harder" you scream out.

Namjoon stops all moving. You look at his face searching for what you did wrong. There are no sign of anger on his face, but there is something else which you can't quite put a finger on.

"Call me oppa again" his voice is low, eye glassy with

lust.

"oppaaa" you moan.

He starts moving again. His thrust have become much more deeper and harder than they were before. In no time, you scream "Oppa, ah a-h, I am going to cum, I am go-" . before you could finish your thought, your orgasm washes over you like a tidal wave. you squeeze your eyes shut. You start clenching around Namjoon so tightly, that he feels likes his dick is going to be cut off. This pushes him over the edge and cums inside of you. He slumps on top of you.

Slowly, both of you get off from your high. He pulls out of slowly and you whine. He lies next to you, cups your face and says, " that wasâ€¦ something else, noona. It was so incredible."

"surely was. I think that's the hardest I have ever cum, in likeâ€¦ forever."

" soooo, noona, you never told never you had an oppa kink. What other kinks do you have?" he says with a devilish smirk on his face.

"brat" you respond, blushing red.

End file.
